## ChatGpt bloccato dal Garante: scelta clamorosa. Strumenti vecchi per affrontare un mondo nuovo

di Federico Rampini

Gli esperti: con l'intelligenza artificiale più fake news. Ma il divieto dell'Italia rischia di non avere efficacia

“Italian students will not be able to have their essays written by ChatGPT as their American peers are doing. The Garante della Privacy's decision to ban the ‘writing and talking robot’ has caused a stir around the world. Italy is the only democratic nation to have taken such a drastic measure.

Although of questionable effectiveness, the Garante's measure comes at a time of real alarm over the dangers of artificial intelligence.”

## Recent Activities

- Co-organisation of the conference you are attending: “Social Responsibility and Artificial Intelligence” (May 28, 2025).
- Alignment of core university documents (e.g., the University of Primorska’s Integrity Plan) and internal processes with the institution’s official position on the use of AI.
- Education and training initiatives to support the competent and responsible use of AI among students and staff.
- Workshops for SMEs and local schools.
- Participation in projects related to the use of AI (e.g., G-UI, a NOO-funded project).
- Writing and submitting project proposals (Erasmus+).
- Organisation of round tables and public events (including film screenings).

## What we do

CeResAI fulfills its mission through:

- educating university staff and students about the competent and responsible use of AI,
- fostering research in artificial intelligence,
- co-creating conditions for AI development that aligns with ethical principles,
- collaborating with universities, research institutions, companies and NGOs worldwide,
- supporting businesses, NGOs and the general public in demystifying AI and encouraging its responsible integration.
